

CHANDNI KATHIRIYA

UX/UI & Web Designer

chandnikathiriya.com

ABOUT ME

An Experienced web designer with a track record of working with a Shopify Plus Partner firm in the e-commerce sector. I have a solid command of HTML5, Bootstrap, SCSS/CSS3, and a fundamental knowledge of Java Script.

I recently completed masters in User Experience Design from Kingston University London. Where I learned wire-framing, prototyping, UI crafting, user research and interview design thinking method, usability testing, idea generation, Miro, Customer-Focused Thinking and follow up.

Constantly trying to learn and develop. I aspire to work in a varied, collaborative UX/front end team where I can continuously acquire new skills and advance the company.
